

Are YOU ready to be CHALLENGED?

Deeply committed to supporting Muskingum College, John W. Gardner '68 has challenged his fellow alumni, as well as parents and friends, to join him in supporting the 2004-2005 Annual Fund campaign.

John will donate up to \$50,000 to Muskingum, matching all new and increased gifts to the Annual Fund this year.

We need YOUR HELP to meet the Gardner Challenge.

If have not given to Muskingum in the last three years, John will match your entire gift dollar for dollar. That means if you give \$100, Muskingum will receive \$200! Now more than ever, Muskingum needs your support.

For our loyal friends who give to Muskingum annually, John is challenging you to increase your gift from last year. When you do, he will match the increased portion of your gift.

Your gift will directly impact our students and their educational needs. On behalf of our 1,600 undergraduate students, thank you!

John W. Gardner '68 is the Chief Financial Officer of Noble Composites Inc., in Goshen, Indiana. Noble produces gel-coated exterior walls for

recreational vehicles. A leader in the industry, Noble's product is unique and the company is enjoying great success as sales of RV's continues to grow. John, who also earned an MBA degree from Indiana University, lives in Mishawaka, Indiana with his wife Therese.

“I believe passionately in the value of a Muskingum College education and I want to do everything I can to help **future generations** of Muskies. Because annual giving is so critical to the success of Muskingum, I view this challenge as an opportunity to encourage my fellow alumni, parents and friends to support **Muskingum** as generously as possible.”
